### TeamSAI Supports LYNX Aviation Certification Effort

Denver, Co. – TeamSAI provided project management support for the start-up and certification of LYNX Aviation, a wholly owned subsidiary of Frontier Airlines Holdings, Inc. LYNX received full federal certification and began operations on December 7, 2007,

TeamSAI was along side the LYNX leadership team in September 2006, when they provided notification to the FAA of their intent to pursue certification with the filing of their initial schedule of events. “The LYNX team took on the challenge and with hard work and dedication, completed the task in well under the industries typical timeline” remarked Tom Nunn, LYNX President and CEO. Nunn added, “We were fortunate to have the support of TeamSAI along the way to certification and start-up. The experience and project management skills of TeamSAI were critical in our success and they will always be considered a part of the LYNX Start-Up Team.”

“The opportunity to see the first flight of LYNX launched on December 7<sup>th</sup> and be a part of this accomplishment was a moment of great satisfaction and fulfillment.” remarked Bill Bottoms, TeamSAI Executive Vice President and LYNX Certification Project Manager. Bottoms went on to say; “Our entire team welcomed the opportunity to participate throughout the LYNX Start-Up & Certification process and are proud to be considered part of the LYNX team.”
